About HISTEAM

HISTEAM is a Non-profit Christian care organization established on 30 November 2007 with the mission to "work with other believers to transform the community, to act justly, love mercy and walk humbly with God." T.E.A.M. is the strategy adopted, through practical Training, Educating churches on biblical and social perspective, creating Awareness to love and have mercy, Mobilization of volunteers and children of GOD to offer Holistic Care Mission to the underprivileged community.

Origin of HISTEAM

Rev. Andrew Wong joined Yayasan Kajian Pembangunan dan Masyarakat (YKPM) as a social worker upon his graduation, serving among the Indian juvenile delinquency and single mothers, living mostly in the squatter areas. He noticed there were very few Christian social workers willing to serve this community and this situation has led him to ponder, "Why are Christians not willing to serve the poor?"

In 2002, he came across an article by chance, "WATCHMEN'S FORUM 3" report published by NECF Malaysia. The data therein revealed that only 6% of Malaysian churches has regular community program involving poverty alleviation. Rev. Andrew Wong realized that to improve "Church's Caring Index", he must consciously preach messages on "caring for the poor" on the church pulpits calling on churches, especially the Chinese-speaking ones, to grow in their love and care for the sheep outside the sheep pen.

Towards end of 2006, Johor was hit with an unprecedented devastating flood and Kota Tinggi was the worst hit area. It was during this time that some Christians repeatedly urged Rev. Andrew Wong to organize relief operations to assist the disaster victims. With further encouragement and support from Pastor Lee Yen Ai, Rev. Andrew finally decided, to set up relief operations with his co-workers, to mobilize churches to act and respond to calls for disaster support. Hence, the birth of " Holistic Integrated Services Berhad" in the following year.

Ultimate Concern

He has showed you, O man, what is good.
And what does the LORD require of you?
To act justly and to love mercy and to walk
humbly with your God. (Micah 6:8)

Words from CEO

Dreadful to waste this pandemic — Fearfully receiving the outpouring of new wine

Looking back to 2021, despite having to adhere to strict SOP and adapting to new norms brought about by the unprecedented COVID-19 pandemic, HISTEAM have stayed firmly in its mission and continued to care for the needs of the community together with its 7979 partner churches throughout the nation. “3131 Healthy Church School” was organised to help and strengthen churches to move forward boldly amid the pandemic. We encountered God’s miraculous provision of five loaves and two fishes in our 7979 Crisis Intervention Aid and Manna Food Bank programmes. Little by little, step by step, together with churches, we also launched the new pandemic prevention strategy, setting up Quarantine Houses for the B40 community who needed a place to be quarantined due to close contact with Covid infected patients. We witnessed with great joy, our 7979 partner churches committed to serve and reap the fruits of salvation among those families whom they helped.

Jehovah our God is doing new things among us! I would like to put on record the beautiful things accomplished by God’s children, who always yearn for the beauty of God’s Kingdom, and determine only to please our almighty God. All glory to God.

1 3131 Healthy Church Seminar —From physical to online classes, more than 380 pastors and leaders from over 110 churches and organisations participated in this seminar. At the beginning, we were concern that many will dropout along the way, as it is a long journey to commit to 30 online sessions over 6 semesters. But to our amaze, at the end of 4th semester, when Rev. James Shia decided to give extra class, more than 150 new pastors and leaders responded to join the full-day seminar on “Building with one Heart”. We are truly astonished to witness how God moved the hearts of these pastors to respond to the call to renew and transform the churches.

2 7979 Holistic Care Relief Network —With the pandemic lingering and the number of confirmed Covid-19 cases escalating, MCO had been extended multiple times that lasted for months under various phases. When we look at the enormous needs of those badly affected by the pandemic, we stand at the crossroads having to decide whether to help based on our ability or by faith. But God is faithful, allowing us to witness brothers, and sisters from all over the nation responded to the call and contributed generously, God is telling us, “Just do it”!

In the month of August, when the confirmed Covid-19 cases hit the peak in our nation, we partnered with 18 churches from 10 cities, to set up 20 quarantine houses, to serve those from low-income group who are required to be quarantined due to close contact with infected ones. Our actions have not only provided safe quarantine places for the needy but also helped to ease government’s burden, and most importantly, did our part to curb the chain of Covid-19 infections. We are grateful for the prayers support and generous contributions from brothers and sisters for this program, this has once again demonstrated God’s faithfulness when we obey His call to care and love our neighbours.

3 HISTEAM Compliance Policy and Declaration—Though we are small, every one of us in HISTEAM, from Director to Co-workers, are determined to adopt ethical practices and resolve to educate all our partner churches and contributors to stay away from corrupt practices, and to live the life worthy of “Sons & daughters of Light”. In March 2021, we launched and implemented the Anti-Corruption Policy, Anti-Money Laundering Policy and Whistle-blowers Policy. Starting from ourselves, we will not tolerant any form of corrupt and unethical practices in our ministry. As we are a Holy Nation, we shall embrace values from Above, resolve to be good stewards, honouring our God, our donors, partner churches and community.

As we step into 14th year of our ministry, we thank God for using us – an ordinary yet obedient team, to start multiple new things in our beloved land. Ten months of MCO lockdown could not stop us from extending help to the afflicted ones. Various MCO restrictions for interstate travel could not stop our Micah School students to serve the cross-cultural groups. Virus variant could not stop us from setting up Quarantine Houses to serve those in need. The fallen angel could not stop churches to forge forward victoriously. Corrupt political arena could not stop our resolved and unwavering minds to live the life of the Kingdom of Light.

Praise the Lord, we can’t help but to shout out to our God who called and helped us: “Our help is in the name of the LORD, the Maker of heaven and earth.” (Psalms 124:8)

Your Servant,
CEO of HISTEAM, Rev. Andrew Wong

Awareness & Education on Social Concerns Major Events

Awareness to Act Justly & with Compassion

Sunday Pulpit Ministry All year long

Due to the Pandemic, most of the churches switched their Sunday services to online. We have preached a total of 49 Sermons in both physical and online weekend services on topics; “New Norm vs Old Norm” and “Believe Love, Spread Love, Practise Love”.

Sunday Pulpit Ministry

The heart of Kingdom – Heart of Christ August, September

The implementation of Movement Control Orders has restricted our visitation to 7979 partner churches; hence, we conducted few fellowship sessions with them after the virtual worship Services, sharing on the challenges, opportunities and new things learned during this pandemic. We had fellowships with Shalom Baptist Church (Penang), New Life Christian Fellowship JB, Southern Ipoh Presbyterian Church and Bukit Merah Lutheran Church (Ipoh) in the month of August and September.

Social Justice Initiatives - Book Reading Club

January to September

Through reading, we encourage brothers and sisters to dream and get involve in social justice concerns initiatives. Up to September 2021, we had conducted 7 on-line book reading sessions; read, review, and share on the book by Dr Tan Chong Tin; “Value to Bind and Build, a Reflection”. There were 10 participants in this book reading club.

Social Concern Education

Online Social Concern Workshop-Elderly Care

3/6

In collaboration with Malaysia Bible Seminary and Hospital Ministry Resources, a virtual workshop was organised with following speakers; Dr David Liong Ee Kian, Sis Goh Siew Hong, Prof. Dr. Tan Maw Pin, Nurse Foo Siew Eng and Rev Ooi Liang

Online Social Concern Workshop-Elderly Care

Hung. A total of 160 participated in this workshop, which included students from social concern certificate Course, representatives from churches and other social concern organisations.

Caregivers Alliance 10/3, 25/8

Alumni of our Social Concern Certificate Course gathered online for time of fellowship and intercession. We continue to support and encourage these students, even after their graduation, in their journey of serving and caring ministries.

Social Concern Certificate Course

Whole Year

4th Social Concern Certificate Course

Since 2013, HISTEAM and MBS had jointly offered the Social Concern Certificate Course with the objective to train more local or over-sea full time caregivers to serve the underprivileged group. Due to the pandemic, the practical session for the 4th batch of students had to be postponed to 2022 while the 5th batch commenced their course in September with 20 students.

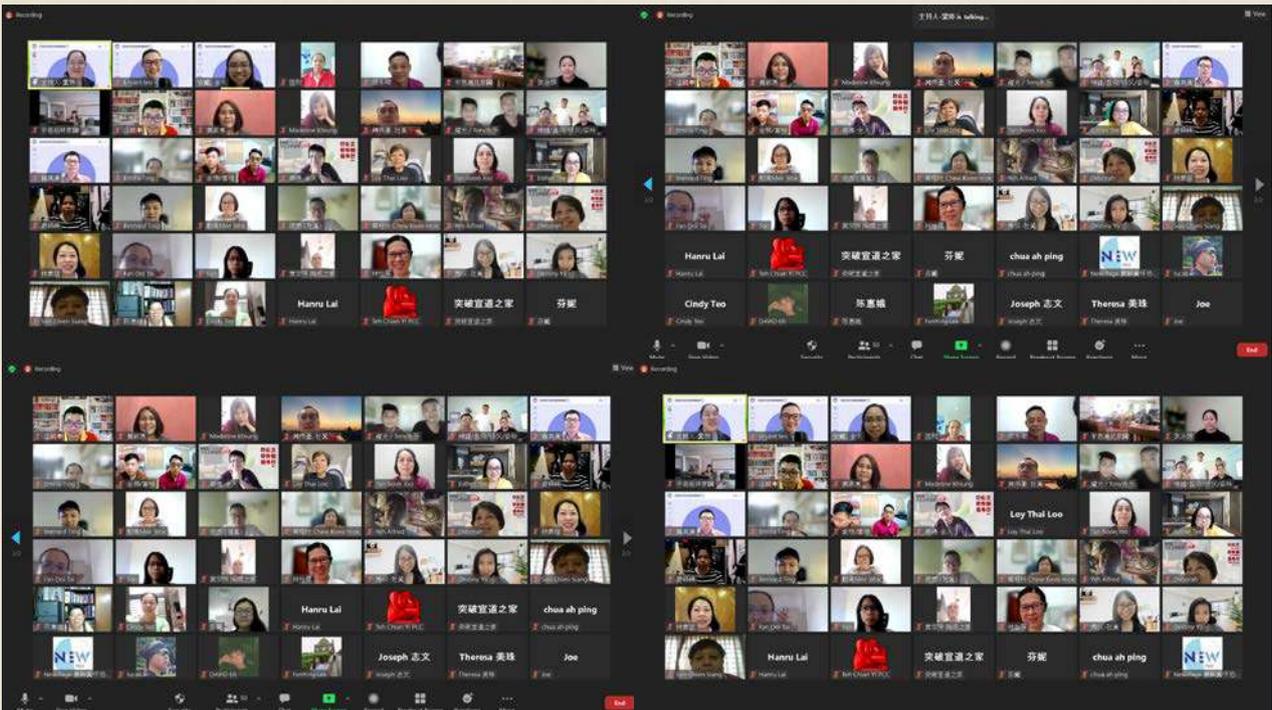

5th Social Concern Certificate Course

Diploma in Social Work Whole year

Five local social care organizations initiated this program in 2017 with the objective to train more workers for social works, to serve and build better community. This year, 24 students enrolled comprising of 17 part timers, 3 full timers and 4 audit students.

Addictions of modern Era and Self Care

Online Social Concerns Workshop — Addictions of modern Era and Mental Care 16/10

This workshop was jointly organised with MBS and New Page, with guest speakers; Pr Bryant Teo, Rev Lai Chi Han, Bro Bryan Leong and Sis Leong Ting Ting. A total of 90 from various churches, social organisations and certificate course students attended this workshop.

3131 Healthy Church Seminar

3131 Special Workshop 23/9

Specially organised to help pastors to use the book "Together We Build: A Developmental Guide for Church Pastoral Leadership Team". Our guest speaker Rev. James Shia personally coached on how to use this book to draw up church annual planning. A total of 398 pastors and leaders joined this online workshop.

3131 教会健康学堂

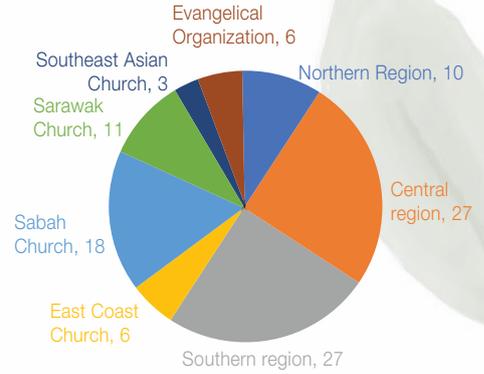

With the vision to help churches to grow towards healthy and with enhanced concerns in social care, HISTEAM organised the “3131 Healthy Church Seminar” for pastors and church leaders. Rev James Shia, from Chinese Christian Evangelistic Association (CCEA), Taiwan is the speaker for this online seminar which was conducted over 6 semesters with 30 sessions.

Delayed twice!

Originally scheduled to be held in 2020 in KL and Kota Kinabalu, this seminar had to be postponed twice due to Covid-19. Although we were still grappling with the pandemic in 2021, we decided to commence the Seminar online. Despite having delayed twice, it finally worked out well as the original physical class could only accommodate 100 pax per venue, but with online sessions, we managed to break the physical constraints by hosting 382 pastors and leaders from 108 churches and organisations from across the country.

Together We Build: A Developmental Guide for Church Pastoral Leadership Team

In August 2021, HISTEAM published the Chinese Simplified Version of “Together We Build: A Developmental Guide for Church Pastoral Leadership Team” by Rev James Shia. This is a practical guide for pastors and church leaders to continue learning as they build and grow their churches to be healthy and strong.

Feedback from Participants

“Hit the nail on the head” – the best word to describe Rev James Shia’s coaching. His insight and understanding of healthy churches is awesome, especially during the session on; “Gold Shield vs Bronze”, I realized that very often, we are busy at religious activities instead of building life. — Elder Kang, Saving Grace Presbyterian Church

One of Rev James Shia’s class; “Eight Dimension of Church Building”, reminded us of the importance of building and developing church teams! In addition, he gave us a macro view with practical step to build a church with vision according to God’s will. — Rev. Foo Moy Peng (KG112 Kingdom for Glory)

Future Plan

“3131 Healthy Church Fellowship” Facebook Group was formed where we can continue to share relevant information on the topic and interact with the church leaders. We welcome like-minded church leaders to join us. We plan to organize regional interactive fellowships bi-monthly, so that we can share, support, and encourage one another throughout our journey of building healthy churches.

SOCIAL CONCERN CERTIFICATE COURSE

4th Social Concern Certificate Course

4th Batch graduation delayed

Batch 4 of 20 students that began their course in September 2019 had completed their final semester in March 2021. However, due to the pandemic and MCO, they had to defer their practical session until situations permit their involvement with selected social organisations. We foresee this batch will have their graduation in 2022.

5th Social Concern Certificate Course

After the 1st Semester, I found this course to be useful for me, especially the practical session where I learnt to listen and handle emergency cases. However, I have a bit of difficulty in the theory classes. It was fun to study together in groups via discussions and support each other.

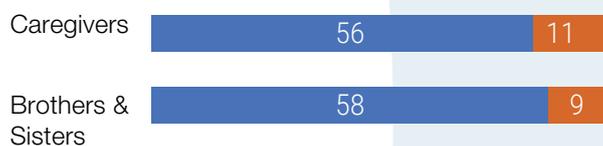

Bro Tony Lee (5th Batch of SCCC)

Even though it was tiring after two weeks of intensive learning, but I had no regrets. The lecturers keep bringing us back to Bible, leading us to understand social works from Biblical perspective. I also learnt to offer Grace before Truth, and when there are differing views, do not scold or criticise others. We need to listen first, be their friend, build rapport and lead them to the Truth.

Sis Emelia Ting (5th Batch of SCCC)

HISTEAM and Malaysia Bible Seminary jointly started “Social Concern Certificate Course” in year 2013 with the aim of training more caregivers to serve the underprivileged community, equip Chinese Churches to respond to the great commission, obey the great commandment, to be involved in community services to help, care, and serve the local community.

Total students of this course (since 2013)

This year,

11 Caregivers from Social Care Organizations

9 brothers and sisters from churches

signed up for the 5th batch of Social Concern Certificate Course.

5th Batch commenced

5th batch of 20 students commenced their 1st semester on 27th September 2021 via online. This year, the students came from Sarawak, Johor, Penang, Pahang, Malacca, and Selangor. For 2nd semester, if situation permits, peninsular students will be back to class at MBS while, East Malaysia students will go to their respective learning centres in Miri and Kuching. The classes will be conducted concurrently where students from the 3 learning sites can still interact and fellowship virtually.

Social Care Ambassador

In September 2021, we have appointed 9 Ambassadors from; Kuching, Miri, Johor Bahru, Batu Pahat, Kuantan and Seremban, to help in promoting this Social Concern course to various social organizations throughout the country.

Future Plan

The enrolment for 5th Batch is still open, student may join 2nd semester in February 2022. We look forward to having more students from Kuching and Miri enrolled for the course.

Holistic Care Relief Network

Networking with Malaysian Churches to promote and establish a network of holistic care relief, which involve in crisis intervention, family care, community services care and disaster care response.

Ministry Strategies

By partnership with churches, we established 7979 Holistic Care Station to serve poor families in the community. HISTEAM provides supports as below:

Support programs

www.7979.org.my [7979onFB](https://www.facebook.com/7979onFB) info.7979@histeam.org.my

[Family Crisis Intervention Assistance 019-792 7979](tel:019-792-7979) • [Companionship Service 013-791 7979](tel:013-791-7979) •

[Manna Food Bank 010-7979 919](tel:010-7979-919)

Our 7979 ministries have changed dramatically through the Covid-19 pandemic, bringing with it plenty of obstacles and opportunities. **From the first day of 2021 when we responded to the flood disaster, we had to embrace the pandemic preventive measures and SOP during the relief operations.** We are thankful to God for His protection over our volunteers, from infections during the entire relief operations, while helping the disaster victims and supplying aids to them.

With the pandemic continued to take a heavy toll on our nation, triggering further lockdowns implemented in May, our **Manna Food Bag** distribution protocols had to keep changing following the prevailing MCO and SOP imposed. We are grateful to all our partner churches and regional representatives involved, for the spirit of unity displayed, and adhering to strict SOP, ensuring all delivery of food bags were done in safe and timely manner.

When **“The White Flag Movement”** was raised in May, it attracted more public attention on those who needed help in our community and consequently, greater number of the public and churches began to be acquainted with our Manna Food Bank ministry, and more donations began to flow into our ministry fund. We are very thankful to God for this outcome. New records were set in terms of numbers of aid recipients and churches involved in this ministry. **Although the pandemic lockdowns had restrained the movement of people, but it could not lockup the loving hearts of the churches.**

This year, we had also successfully switched our physical **Volunteer Training** to online; it enabled us to train more volunteers from different places to receive concurrent training within a short period of time. Online training is the future trend, prayerfully, God will extend our territory with more volunteers received training beyond the constraints of physical locations and time.

In responding to the **“Pandemic Precautions and Prevention”** program, we launched the **“7979 – Love. Quarantine House”**. This is to encourage churches to utilize their unoccupied church buildings or premises to set up safe quarantine houses, to host those B40 group who became close contacts but cannot afford, and unable to self-quarantine at home. This program also assisted to curb the infection chain and reduce the stress on our nation’s medical structure.

For the coming year, we will stay focus in **enhancing the quality of our services, strengthening our technologies in volunteer training and case management system application.** Together with our partner churches, we shall go deeper in our caring ministry to realise our **10 years plan [2017-2026].**

7979 Volunteer (Visitation) Training Oct. 2020 till Sept. 2021

Due to Pandemic, 7979 Volunteer (Visitation) Trainings had to be conducted online. From Oct. 2020 till Sept. 2021, we had organised 9 training sessions. (2 Revision Trainings and 7 New Trainings)

7979 Term Meeting 24/4, 28/8

Technology Enhances People Helping Skill

Genogram and Ecomap are the two common case management visual evaluation methods. Through Term Meetings, volunteers learnt to assess and observe the initial condition of aid recipient, and able to quickly identify their needs. We have also launched "Your Good Partner in Transforming Community" on Google Sites.

The Church is a Blessing to Special Children Families

Under the 7979 programs, there are some families we served are with special children and these families are facing greater challenges when compared to other underprivileged families. Our speaker shared with 60 volunteers on how to minister to these special children and their families and he further stressed that taking care of special children is a common responsibility of the entire community.

7979 Virtual Challenge "COVID Life" 16-30/9

Our 2nd 7979 Online Challenger Camp successfully recruited 131 teams with 262 participants from across the nation. This is a 3 days' program of poverty experience; it is also a fund-raising activity for underprivileged families. Praise the Lord, with joint effort of everyone, we managed to raise more than RM500k to support the 7979 programs.

Major Disaster Response

“Build the Ark before the Storm” , In house Disaster Risk Reduction and Mitigation Training

Aug. to Oct.

Global warming is the main cause of more rampant disasters. We organised 8 training sessions to equip our volunteers in responding to disasters.

“Disaster Risk Reduction and Mitigation Discussion Forum ”

Google Sites platform **1 year term**

Experienced volunteers and mentors in various fields shared weekly updates with our volunteers on latest news, forms, resources, and articles relating to disasters. This is an online learning resource platform to help our volunteers to be regularly updated with current risk mitigations information.

White Shoes Donation

“Chameleon Education” Book Reading Club

Subsidies and Fund Raising for Second-hand computers

Underprivileged Children Companionship Class

White Shoes Donation **Feb.**

Port Klang Gospel Hall received 200 pairs of primary school white shoes donated by a benefactor, and they decided to bless the children of 7979 Companionship classes. A total of 75 students from 14 Companionship Classes benefited from this donation. These children go to school joyfully putting on their new white shoes!

Pandemic Prevention Hygiene Pack **March**

Before reopening the Companionship Classes, 7979 had allocated 35 boxes of face masks, 74 packets of wet tissues and 10 bottles of sanitizer to 8 Companionship Classes. We take this opportunity to thank donors of these hygiene packs. Besides prevention awareness, the children were taught to care for the environment as well.

“Chameleon Education” Book Reading Club

once a month

Since April 2021, 13 Companionship teachers joined the second round of “Chameleon Education”, Book Reading Club. Through reading, teachers will share, review, reflect to improve their teaching methodology to suit the current and post pandemic environment.

Subsidies and Fund Raising for Second-hand computers

Jan, Aug.

In January, HISTEAM and 7979 Holistic Care Stations jointly organised to source for cheap computers, and we successfully purchased 22 units of computer for children of Companionship Classes.

In August, Love Eternal Charity Association, helped us to raise funds to buy computers for 4 Companionship Class Families.

Teachers Training Camp in June

Teachers Training Camp 1-2/6

Our 7th Teachers Training Camp was held online, attended by 64 teachers from 14 care stations. We invited Teacher Tan Nyong Moon from, The Bridge Communication Bhd. to share. Using the pictorial books, teachers learned how to tell animated story, communicating correct values to listeners and acquired better understanding of children's thoughts and thus able to shape their discernment ability.

"Online Companionship Class Want You" Online Discussion Forum 31/7

A total of 29 Companionship Class teachers participated, shared and discussed the realignment, strategies, time management, student allocation, teaching platform and live coaching, etc. Through this Forum, we are hopeful to open more online Companionship Classes, so that we can continue to provide support to more underprivileged children.

Logistic Distribution - Penang

Logistic Distribution - Seremban

Logistic Distribution - Sandakan

Manna Food Bank

Logistic Distribution Bimonthly

We have 8 Logistic Distribution Points, located at: Seremban, Penang Island, Bkt. Mertajam, Ipoh, Kuantan, Alor Setar, Sandakan and Kota Kinabalu. A total of 69 Care Stations participated in this Manna Food Bags distributions program for 6 times a year. Gave away 3202 bags of Manna Food Bags, each worth RM200.

2021 National Regional Representative Conference 2021 19/6

35 regional representatives from 8 Distribution Points attended the online conference. With the expansion of Manna Food Bank ministry and COVID-19 pandemic effect, the number of cases we served is on the rise, resulting in more challenges in our resource management and operations. Regional Representative's service area includes Volunteer Mobilisation, Resource Management, Intercessory Prayer and Program Promotion. Each region will set their own 2 years goals and formulate strategies to serve as per plans.

Manna Food Bank Training for beginners 10/7, 14/8

The first online training was held in July. Two training sessions had attracted 187 participants from 46 centres of 7979 Holistic Care Stations. Through our newly added tool "Food Insecurity Experience Scale", it has enhanced our volunteers' assessment skills on aid applicants, enabling them to identify who are those genuinely needed food supplies, or other form of assistance.

Logistic Distribution - Ipoh

Logistic Distribution - Kuantan

Family Crisis Intervention Assistance

Mobilize trained volunteers of 7979 Holistic Care Stations to visit the under privilege families in the community who are hit by unexpected crisis, to provide spiritual care and distribute Crisis Intervention Fund of RM200 to RM300 monthly (over a period of between 1 to 4 months).

Oct. 2020 to Sept. 2021

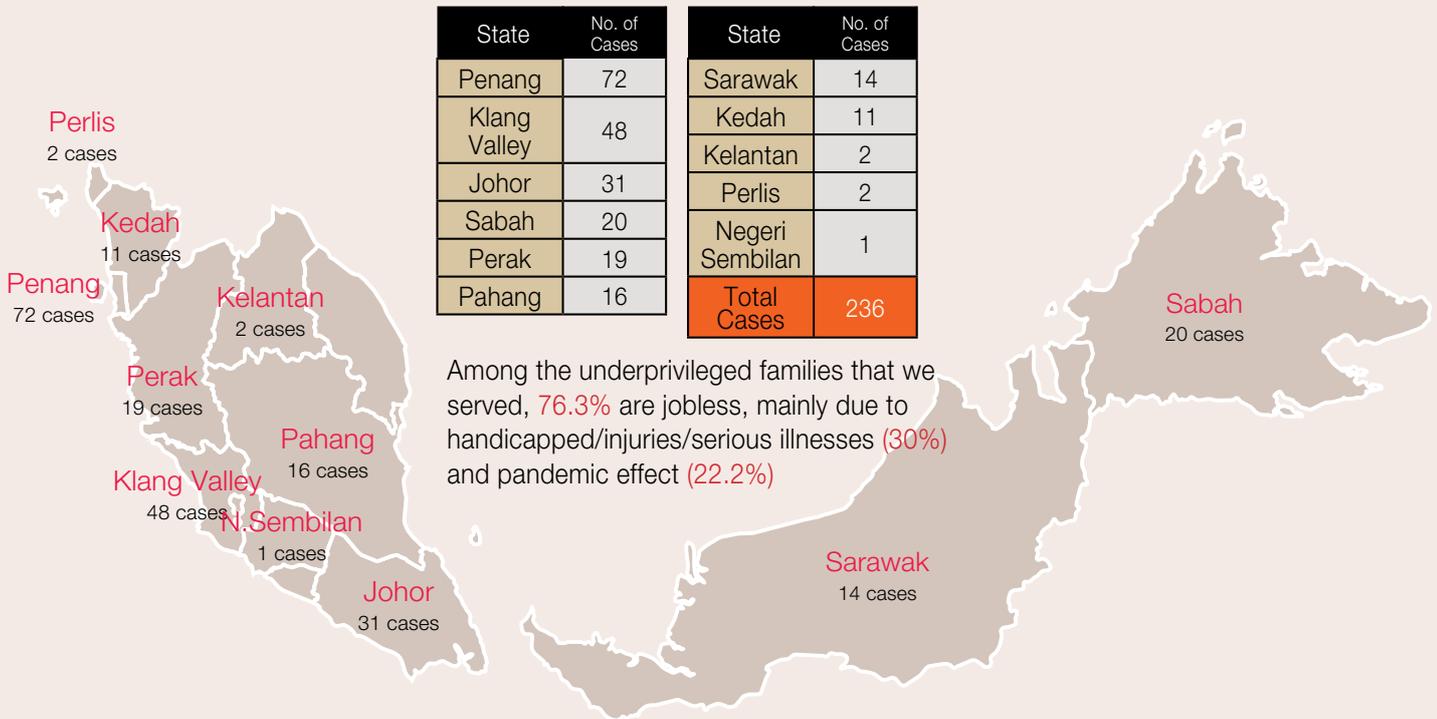

236

financially disadvantaged families were given subsidies and Care

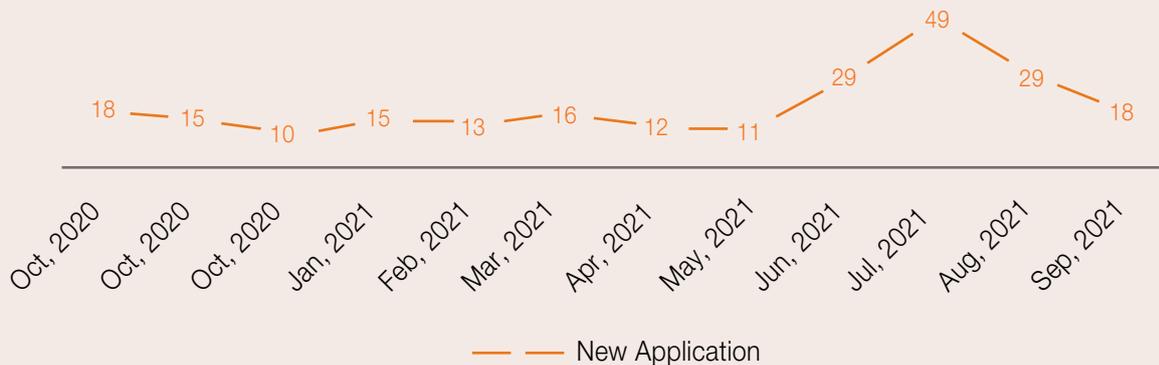

RM236,445.40

Crisis Intervention Funds were handed out to these affected families

7979 Holistic Care Stations and cases distribution

Monthly Serviced Numbers and New Application

On 1st June 2021, when our government implemented nationwide MCO again, many of the underprivileged families who were in recovering process experienced another blow in their financial hardships. Accordingly, there is a steep increase in the number of applications for Crisis Intervention Fund between June and August.

Testimony

The Long-Awaited Rain After a Long Drought

On the day when I visited this family, as I parked my car and walked towards the house, my initial worry was how to encourage and comfort this distressed family. Unexpectedly, I saw smiles on their faces when I arrived. They shared with me how the church has cared and helped them, which included applying for Family Crisis Intervention Fund.

Mother Siew Hua (pseudonym) works as a temporary worker in a restaurant. Father is a construction worker with unstable income. Their 20 years old daughter Xiao Mei (pseudonym) suffered kidney illnesses, undergoing dialysis for the past 5 years. As she must do dialysis every Wednesday, she can't take up any normal job. Their youngest son can't work too, for he has an impaired sole, unable to stand for too long. As a result, this family earn their living by taking up some petty jobs that allow them to work from home. They barely survive with this meagre income.

Due to Movement Control Order (MCO), Mdm. Siew Hua and her husband's income were gravely affected. At the same time, their daughter's dialysis treatment was switched to another hospital further away from home, requiring higher transportation cost that worsened their already bad financial situation.

Abundant Grace Kepong AG, one of 7979 Holistic Care Stations, has been offering care and visitation from time to time. During MCO, the church continues to care for this family, and it was through the phone calls, that they discovered this family's predicament. The church helped them to apply for 4 months of financial aids from 7979 Crisis Intervention Fund. This financial aid is like rain in the desert, providing great relieve and helped them to withstand the crisis.

Siew Hua and her family is not out of financial hardship, but they are facing it with positive and thankful heart as the church continues to offer care, encouragement, and companionship.

Read complete testimony at: <https://www.7979.org.my/emagazine2106/03>

Vision

For 2022, we plan to provide pre-recorded training Lessons, for volunteers of 7979 Holistic Care Station who wish to refresh and revise some lessons in "7979 Volunteer Visitation Training" or to train new volunteers. Meanwhile, 7979 will also provide "In Depth Training Series" to upskill the volunteers' case management ability, support them to find solutions to help the aid recipients and enhance their relationship management.

Companionship class for underprivileged children

The Underprivileged children refers to children from financially disadvantaged families (B40); such as single parents, and those under the care of grandparents, slow learner, orphans, etc.

Through the companionship classes set up by 7979 Holistic Care network, these children in our neighbourhood, get to receive guidance in their school homework, life coaching and family care services from our trained volunteers.

Oct. 2020 till Sept. 2021

14

Children Companionship Classes received subsidies

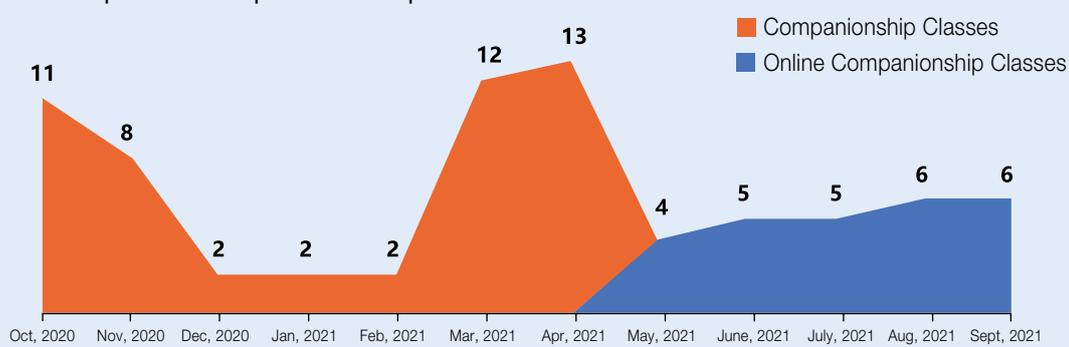

177

underprivileged children received support

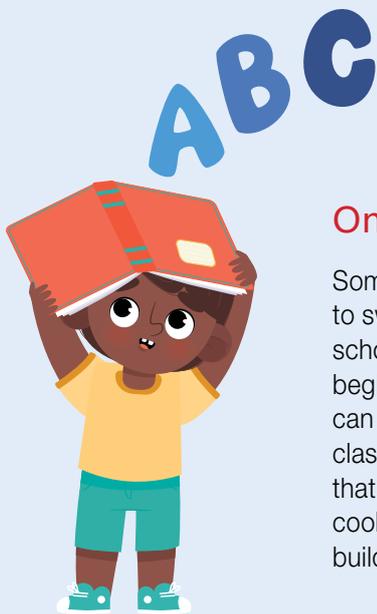

RM 132,913.74

in the form of subsidies was paid out

Companionship Class Operation Condition

The pandemic has impacted the running of the companionship classes especially when “FMCO (Full Movement Control Order)” was implemented in May. **Ten (10) of the Classes immediately suspended its operations while 4 managed to switch to online.** Subsequently, another 2 companionship classes also managed to switch to online. Although the rest of the companionship classes have temporary ceased operation, the teachers continue to provide guidance to these children’s schoolwork and provide food supplies to their families.

Online Companionship Classes

Some of the 7979 Holistic Care Station Companionship Classes teachers managed to switch to using Zoom or WhatsApp to video call the children to guide them in their schoolwork, they also used Google Classroom to check on their homework. In the beginning, teachers patiently taught children how to use online tools, ensuring they can complete their school assignments. Teachers also adjusted Companionship class timing to suit children's school online schedule and Wi-Fi condition. Besides that, teachers also spend time to chat with the children, occasionally, also share cooking video link to their family members, teaching them new cooking recipe and build rapport with their parents.

Thank you for not giving up on me

Xiao Hao (pseudonym) attends Johor Jaya Vision Church's Companionship class. The church got to know him through delivery of food aid to his house and enrolled him. At that time, he was in standard 4. He enjoyed learning and studying together with the other children, he is no longer lonely and felt the love and care of the teachers. Although he still misbehaved at times, but he always finished his schoolwork on time. Within 1 year, Xiao Hao shown marked improvement in his exam results that moved him from 27th position to 10th in his class.

Due to some unfortunate happenings at home, Xiao Hao was forced to change to different schools twice. He lost interest in his studies and his academic performance dropped drastically. Thankfully, his Companionship Class teachers did not give up on him, they continued to assist him throughout the journey till secondary school; the church helped the family throughout those difficult years. After many struggles, the family's financial situation began to improve, they received Christ as their Lord and finally got baptised.

10 years had passed, Xiao Hao is the only boy from the first batch of Companionship Class who did not drop out from school.

Read the complete testimony at: <https://www.7979.org.my/emagazine2103/03>

Vision

After our efforts to raise awareness and concern on child abuse over the past 2 years, we finally established "Child Protection Policy" in all the Companionship Classes. This has improved teachers and caregivers' knowledge on child protection and helped churches to apply such policy in their other ministry.

For 2022, we plan to computerise the attendance list and other application forms, so that data collected can be analysed for improvement purposes. Meanwhile, our plan to commence Companionship Class for secondary students, aged between 13 and 18, had to be postponed to next year due to the pandemic.

Poor and under privilege families are the weakest group in the society. We believe the Manna food package worth about RM200 distributed every two months (over a period of 1 year) could help to relieve their financial burden and allow them to use the money saved on food for other urgent needs, such as medical treatment or children's education.

Oct. 2020 till Sept. 2021

741

financially disadvantaged families were assisted

69

centres of 7979 Holistic Care Stations participated

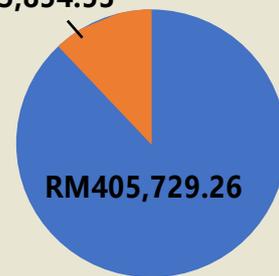

3203

food bags

worth a total of

RM461,583.79

Total value of Manna Food Bag RM55,854.53

■ Donated Supplies ■ Total Expenses

The total cost of the Manna Food Bag distributed over the past one year was **RM405,729.26 (87.90%)** and the estimated market value of the donated supplies was **RM55,854.53 (12.10%)**, combined to a total value of **RM461,583.79**. A total of **3,203 Manna Food Bags** were distributed throughout the year, with an average value of **RM152.69** per bag. (Note: Operating and administrative costs are not shown here.)

Personal Delivery

Between 2017 to 2021, **73 centres** of 7979 Holistic Care Stations mobilized more than **300 volunteers** to personally delivered Manna food bags to financially disadvantaged families on **26 occasions**.

We opened our first distribution point at Seremban in 2017, Manna food bags are prepared and collected by volunteers, and then delivered to those families personally.

Presently, we have **8 distribution points** located at, Seremban, Penang Island, Bukit Mertajam, Ipoh, Kuantan, Alor Setar, Sandakan and Kota Kinabalu. To date, **6339 food bags** have been distributed, benefiting **967 under privilege families**.

Assisted family's status

- The average monthly income per household is **RM769.56**
- **96.22%** of households have incomes below the Poverty Line Income (PLI) level.
- Single parents (including widow or divorcee), loss of main source of income accounted for **29.15%**, and elderly who live alone, accounted for **14.98%**

Charity Events

Captain Oats, sailing to under privilege families

We are glad to receive a perennial sponsorship from Federal Oats Mills Sdn. Bhd providing nutritious oats to disadvantaged families through Manna Food Bags. A total of 1,300 packs of oats were donated throughout the year, benefiting more than 700 Manna beneficiary families in various distribution points in West Malaysia.

Kuok Foundation Bhd & Lions Club International district 308B2, Malaysia region 2, Hand in hand to help the disadvantaged

Kuok Foundation Bhd's regular food distribution throughout the year has helped many disadvantaged families in Northern Malaysia. As Lions Club International District 308B2 Malaysia Region 2 became the intermediary, our Manna Food Bank was fortunate to receive 98 donated supplies, which were distributed to 98 Manna under privilege families in Northern Malaysia in January.

être Patisserie Bake the aroma of love

Thanks to être Patisserie, in the spirit of giving back to the community, they made a special package of bread for sale and donated the profits to fund the Manna Food Bank to purchase basic food and daily necessities. A total of 10 food packages were purchased and distributed to Manna beneficiary families at Ipoh in March.

Makan Kongsi 2.0 Resource sharing saves communities

Makan Kongsi 2.0, a project jointly organized by the social enterprise, The Good Kitchen and the human rights organization Engage, are responsible for fund-raising through Bersih's supervision, to support various non-governmental organizations relief groups. Manna Food Bank is blessed to be one of the beneficiaries, with a total of RM18,200.00 received to help our Manna beneficiaries in Sandakan and Kota Kinabalu during the Pandemic in July.

Waz Lian Foundation & Hotel Sentral Group

In June 2021, when the "White Flag Movement" emerged in Malaysia, The Waz Lian Foundation generously responded to the needs of the community by donating 280 supplies packages to Manna Food Bank which was subsequently distributed to Manna beneficiary families in September.

Thanks for the support, donations and sponsorship from the following organizations and individuals, enabling more under privilege families to receive the food aids

NOT ABANDONED

This is a very poor family that do not have a refrigerator or sofa sets in their house. On the day when 7979 volunteers from Malaysia Life Baptist Church arrived to distribute the Manna food bag, they found out that they could not get near to their house.

"When we reached the Taman, we saw the entrance was guarded by high barbed wire fences and heavy chains," a volunteer recalled. He immediately called the Manna food bag recipient, only to learn that the area has been placed under Enhanced Movement Control Order (EMCO). Feeling helpless, the team left that area to proceed with distributing Manna food bags to other families.

As they left, the volunteers felt disturbed and concern that without the food aids, this family might be in dire situation, so they decided to return to the Taman before sunset. They asked the family to send their children to a designated spot at the barricaded perimeter where the volunteers handed the food items one by one through the barbed wire. The children then packed the food items into a box and carried home. Looking at the children's grateful expression across the barbed wire fencing, the volunteers were overwhelmed with sadness, and they were deeply moved by the whole incident.

With a subsequent follow-up phone call, the volunteers learned that this family of eight were all infected by Covid-19. The youngest child was only 7 years old. Thankfully, since end of 2020, the Church has begun to support and despatch Manna Food Bag to them and throughout the pandemic and even during EMCO, the Church did not abandon them.

Vision

In 2022, we plan to consolidate the service team at the distribution points to have four volunteers from each district, to handle various comprehensive operation and duties. If there are more manpower, resources, and suitable warehouses are made available, we plan to open a new distribution point in another city, so that more underprivileged families can be blessed with Manna Food aids. In addition, we also plan to implement the "Online Case Management System (CMS)" to help 7979 Holistic Care Stations to better manage the cases with greater efficiency.

Major Disaster Response

As the Chinese saying goes;
“Nature has unpredictable weather,
Human has unpredictable mishaps”,
any unforeseen major disaster can cause
great harm to the affected community,
but the poor will be the hardest hit.
Churches are neighbours to their communities;
whenever major disaster strikes;
they must respond and
bring hope to the community.

2021 Disaster Response

Peninsula Great Flood

On 1st day of 2021, the Northeast Monsoon brought heavy rainfall to East coast of Peninsular for consecutive days causing floods in many parts of Johore, Pahang, Terengganu, and Kelantan. On January 9, volunteers from Glad Tidings Church PJ and HISTEAM co-workers formed a 15-members relief team and headed to Temerloh. The team was guided by volunteers from Temerloh Gospel Chapel and successfully cleaned and disinfected 19 houses in Mentakab and Temerloh in 3 days. After that, the volunteers from Temerloh Gospel Chapel distributed hygiene kits and food bags to the poor families and discovered more houses that were affected by the flood. Therefore, on January 15, volunteers from Kuantan came to help cleaned and disinfected another 7 houses and distributed rice and dry foods to 32 poor flood victims.

On January 10, 2021, a team of volunteers from Glorious Grace Presbyterian Church, Taman Tas Presbyterian Church, Adonai Centre, Good News Baptist Church, and Shalom Fellowship helped Kemaman Presbyterian Church to clean and disinfect 13 houses. They also did visitation to identify families that need further assistance. On January 12, another team from Glorious Grace Presbyterian Church, Adonai Centre, Good News Baptist Church, Christian Praise Centre, and KBM participated in Kemaman Love Action 2.0 to clean 6 houses and distributed rice and dry foods to 30 poor flood victims.

On January 14, 2021, 5 Orang Asli villages in Kahang were flooded and the access roads to the villages were cut off. Kluang Baptist Church sent food supplies to 148 families in the villages that have benefitted 602 people.

On January 27, 2021. Triang Christian Church, sent food supplies to 690 families in 5 the Orang Asli villages.

COVID-19

Application for “7979 Covid-19 Special Assistance” was opened to non-7979 partner churches so that they can help the poor and underprivileged families in their community that are affected by the pandemic.

In January we had a special program of supporting Penang Quarantine Centre, other than monetary donation, Malaysia Union of Mission Mobilisation (MUMM) sponsored 50 sets of PPE, Watchman International Network (WIN) sponsored 2500 packets of 10gm high quality Stingless Bee Honey, Alpro Pharmacy and Ee-Lian Enterprise (M) Sdn Bhd gave special discount on 1200 sticks of Vit. C and 1200 of Bento Boxes.

Later, in the month of August, the sharp increase in infected Covid-19 cases caused the medical system in Malaysia to experience unprecedented tension, we decided to set up “7979 Love. Quarantine House” program and encouraged churches to set up “7979 Love Quarantine House” in their community for those who needed to be quarantined but unable to find a safe place to do so. This is also to curb the chain of infection in the family or community, thus releasing some burden of our nation’s medical system. Thank God, we managed to set up 20 such Quarantine Houses in Alor Setar, Bkt. Mertajam, Perai, Ipoh, Klang Valley, Malacca, Yong Peng, Kuantan, Kota Kinabalu and Sandakan, participated by 17 churches (including HISTEAM) with estimated 43 rooms being used.

Meanwhile, we were blessed to receive donation of 43 units of 5L Oxygen Concentrators and its spare parts, 500 pieces of oximeters, 10,000 pieces of face masks and 1,000 pieces of PPE, large amount of these were despatched to Sabah which is greatly lacking in good medical supplies to support the local churches in their pandemic prevention efforts.

Community Emergency Relief

Support churches to intervene in emergency incidents (such as: storm, fire, or flood) that occurred in their community, so that churches may become their neighbours and bring hope to the community.

Response Operations in 2021

- On 24th Mac, through Borneo Evangelical Mission we supported 8 fire victim households at Kg. Pa'Derong, Bario to rebuild their houses, and purchase of bedroom furniture and kitchen utensils.
- On 21st July, through Neighbours Global Network we intervened and helped 11 households that were suffering from food shortage, by providing them with food aid.

Vision

During monsoon switching period between September and October, Sabah had an unusual heavy rainfall resulted in severe flood.

For year 2022, we hope that churches in Sabah would acknowledge and commit to Community Based Disaster Risk Management (CBDRM), to reduce agriculture damages, financial loss and even loss of lives caused by common disasters such as: storm, fire, and flood. We also plan to set up Disaster Response and Management Centre in Kota Kinabalu to strengthen the capability of local churches to respond to disasters.

Serve The East Yuan-Han Journeying Together

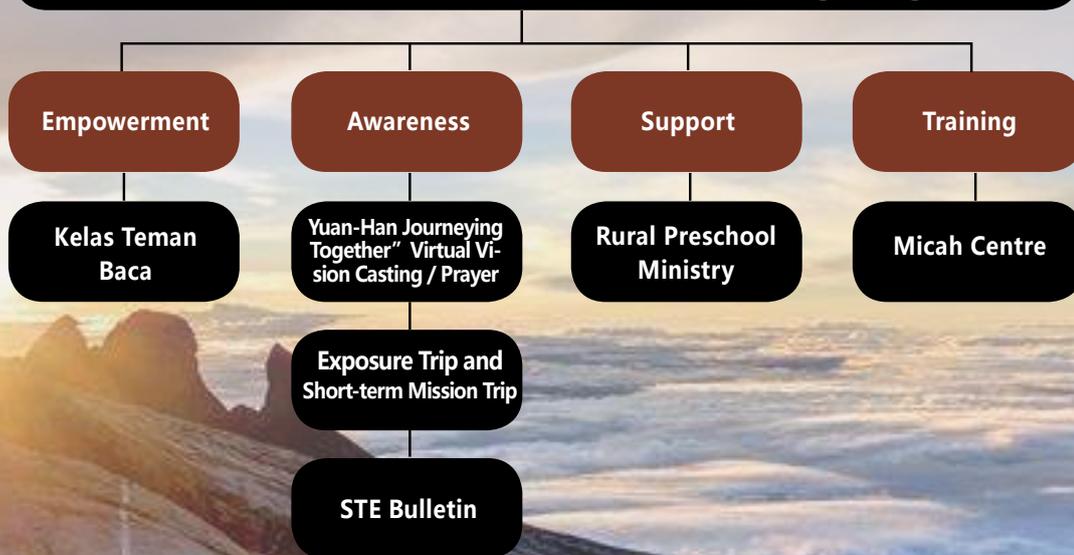

Together with God's children, we serve the indigenous people, the marginalized group in our land.

Ministry Strategies

- EMPOWERMENT:** Empower the Indigenous churches in finance and education.
- AWARENESS:** Share with Chinese speaking churches the vision of "Yuan-Han Journeying together"
- SUPPORT:** Enable Chinese speaking churches to collaborate to support the Indigenous churches
- TRAINING:** Equip Chinese speaking churches to involve in caring mission

The pandemic continued to wreck our nation in 2021

preventing us from visiting the indigenous people in the inner part of Sabah. But this could not stop the Chinese churches from their desire to learn and serve them.

To help the children of God to learn about the indigenous people and their history, we started the **bi-monthly online vision casting cum praying meeting**. The participants learnt about Yuan-Han Journeying Together from different speakers. This also prepare and help churches to respond dutifully to the needs of the indigenous people.

Meanwhile, we also watchfully pray for the challenges face by the vulnerable indigenous people. We believe that what we can't do, in God all things are possible. He can protect the indigenous people from hunger and disease. The release of bi-monthly digital **"STE Bulletin"** aims to share the concept of "Yuan-Han Journeying Together" and the status of the ministry to the Chinese churches, so that all stakeholders receive timely updates regarding the welfare of the indigenous people.

Kelas Teman Beca was badly affected by the pandemic. One class decided to suspend until the pandemic improves while another class will continue to be held to assist the indigenous students in groups. The 9 pre-school education centres are operating as usual. However, when our country implemented the nationwide FMCO in June, all classes were suspended till today.

In July, we received several calls for help from indigenous pastors in interior Sabah. We learned that the pastors had to take unpaid leave and were facing financial crisis and food shortages. Furthermore, few villages faced the outbreak of Covid-19 and had to be placed under lockdown, restricting their movements and were in dire need of food assistance. Thankfully, through referral and collaboration with **"Makan Kongsu 2.0"**, we provided food assistance for **95 pastors and 518 indigenous families**.

We welcomed 8 freshmen to the 4th Micah training Centre in April. During the pandemic, we had to made lots of adjustments to our original plans and training schedules, but the courses went on smoothly.

Prayerfully, when the pandemic improves next year, we can roll out several program and courses such as, **Basic digital, leadership training and bee farming** to empower the indigenous people to increase their income and enhance their leadership skills. In term of financial aids, we plan to establish an **indigenous people emergency fund**, and pay indigenous pastor teaching allowance. We will also offer an online study "When Helping Hurts", to train Chinese churches to be more effective in their ministry to the indigenous people.

Yuan-Han Journeying Together Major Events

Yuan-Han Journeying Together

Vision Sharing prayer meeting **15/4, 31/5, 19/7, 13/9**

Once every two months, different speakers were invited to share about the needs and challenges faced by the indigenous people, and to convey the concept of Yuan-Han journeying together. Together, we also commit in prayers, the needs of the indigenous people during the virtual prayer meetings which has an average attendance of around 40.

Online visitation (Hong Kong Whampoa Church) **10/8**

Together with 9 pastoral leaders from Hong Kong Whampoa Church, we had an online visitation and fellowship. We shared about the ministries and needs of the indigenous people in Sabah, and the visions of Micah Centre.

3rd online testimony sharing session

Micah Centre

Micah Centre 3rd online graduation ceremony **3/1**

The 3rd Micah training was concluded on 31 December 2020. Praise the Lord, all 6 trainees successfully completed their training with a graduation ceremony held virtually on 3 January 2021.

3rd online testimony sharing session **January, February**

Two online testimony sharing sessions were held where the 6 trainees from the 3rd Micah training program shared their life testimony. It was also an opportunity to promote and recruit for the 4th Micah training program.

The commencement of the 4th Micah Training **21/4**

There were 8 trainees from West Malaysia, Sabah and Sarawak enrolled into the 4th training program. Around 70 pastoral leaders, brothers and sister were invited to the virtual opening ceremony on 24 April to bless the trainees.

Micah 4 days 3 nights Mission Camp

Micah 4 days 3 nights Mission Camp

Micah 4 days 3 nights Mission Camp 21-24/6

The purpose of this Mission Camp was to train the trainees to courageously face any challenges in their lives. Besides sharing of sermon titled “Restoration”, there were also group and team building activities, like overcoming obstacles and challenges, to foster team spirit and unity.

Practical August, September

After 4 months of training, the trainees began the 2nd phase of the program, practical in the rural areas. We arranged to station the trainees in Kg Kaiduan. Under the guidance of their mentors, they collaborated with the local indigenous church to serve the local needs.

Participation in the flood relief operation September

September was Sabah’s rainy season. The heavy rainfall flooded some areas in Kota Kinabalu including surrounding villages. We invited the co-worker of 7979 to conduct a disaster relief training session. Subsequently, the trainees had the opportunity to be involved in post flood relief operations such as cleaning of a primary school and homes of some local flood victims.

Participation in the food aid distribution September

Through collaboration with “Makan Kongsy 2.0”, the trainees assisted to distribute food aids to families under lockdown due to the virus outbreak in 3 nearby villages, helping nearly 100 families.

Preschool Education Centre

In 2012, in responding to the needs of the early childhood education (ECE) ministry by SIB Church, HISTEAM began to involve by supporting and contributing to the salaries of the local Indigenous teachers, as well as funds established to set up new ECE centres.

From October 2020 to September 2021,

9

preschools were adopted

RM93,720

was contributed to the salaries of 13 pre-school teachers

128

children benefitted

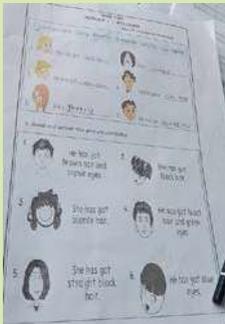

RM6,175

was released to support the 2nd year fees of One (1) preschool teacher enrolled for ECE diploma programme

(which is a 3-year, part-time programme)

Breakthroughs Amidst the Lockdown

After the first round of Movement Control Order ended late last year, spirits were high as the preschools prepared for the new school year. But the excitement was short-lived when, the worsening pandemic outbreak forced the country into a new round of full lockdown, and with the government imposed the strictest measures of Enhanced MCO (EMCO) in Sabah, the preschools were again put into suspension.

In 2020, after gaining the experiences from the first enforced suspension, the agency in charge of the preschools, Jawatankuasa Pendidikan Pra-sekolah SIB Sabah (JPPS) was quick to come up with plans for the schools and teachers, to continue helping the students in their learning during the periods of lockdowns.

As good as their plans were, the execution part was trickier. Some of the preschools are in the deepest parts of the interior where electricity and internet access are practically non-existent, making long distance learning almost impossible. But the pandemic demanded for adaptability, and when the teachers embraced the changes in their job, new breakthroughs and opportunities were brought about. Through a closer partnership and cooperation between teachers and parents, the students could continue their learning and development from home.

Looking Forward

We plan to find newer and more effective financial empowerment plans for the schools, so that they can gradually reduce their reliance on financial support of urban churches for the teachers' salaries.

Kelas Teman Baca

Kelas Teman Baca (KTB), or the companionship class, is a programme to provide a proper learning environment for children aged 7 to 12 in the villages and rural areas where such resources are scarce. The programme aims to spark the children's interests in reading and learning, and through practicing teaching methods that are based on Biblical values, mould the children's lives, and help them to develop Godly virtues.

From October 2020 to September 2021,

2 KTB

one is currently suspended due to the pandemic, while the other is still operating in the form of small group classes

2 KTB

tutors sponsored

8

students benefitted

RM2,930

paid out for tutors' allowances, teaching materials, and learning equipment

Operations During the Pandemic

While the pandemic was still raging, parents in Kg. Garau were very wary of sending their children to the KTB. After the discussion between the committee and teachers, they decided to temporarily stop all classes for the time being.

Meanwhile, in Kg. Mangkapoh, the teachers still guide the students in their learning during the lockdown by continuing the KTB with some adjustments made to the running of the classes. In compliance with the SOP, teachers divided the students into groups of four, with each group taking turns to attend the classes at the teachers' residence. For the teachers, these changes meant that from a schedule of three classes per week, now they would be having classes every single day of the week. The students joined the classes following the roster set by the teachers, faithfully attending the lessons at every appointed time. In the class, they wore face masks and maintaining social distancing with their friends.

Taking turns to attend the classes

In July, as the pandemic situation worsened, and some villagers started to fall sick, the committee and teachers swiftly halted the classes until the EMCO was lifted. As the months passed by, the situation improved and the sick in the village also slowly recovered. Finally, on the second week of October, the KTB once again resumed classes for the students.

KTB Teacher: Cikgu Wanna (Left), Cikgu Yen (Right)

Looking Forward

We pray that with the pandemic easing, all the students can go back to their KTB classes. We also plan to start improving the facilities at the KTB building, including setting up the power supply, installing lights and fans in the building, and repairing the faulty gates.

Micah Centre

Discipling next generation to be true disciples of Christ – teach them to do justice, love mercy, prepare them to enter the cross-cultural mission fields, and send them to walk humbly with the Indigenous people to bring about transformation to the community.

There are

8 new recruits

for the fourth batch Micah training program; namely, from right to left

Chun Siew Yoong (44, Pahang),
Nelson Huang (18, Sabah),
Moses Goh (24, Sabah),
John Choong (39, Pahang);
Chia Jean Roy (19, Johor),
Lim Xiang Yi (18, Johor),
Loh Li Bo (19, Johor),
Ling King Chai (33, Sarawak)

Playing Catch Up with Changes

Due to the restrictions of Movement Control Order (MCO), no visiting lecturers were able to make it to the Centre for their classes. With the school being in the mountains, and the fact that the telecommunication signals were not strong and steady enough to have the classes conducted over the internet, there was no choice but to have the mentors in the Centre taking up the duties of conducting the classes themselves. But thanks be to God for guiding the mentors in handling their tasks well on short notice, and the team of mentors could share the workload between them, ensuring the training could be continued without disruption.

During the training, several trainees carried some physical aches and ailments, which brought them constant discomforts and affected their ability to focus on their studies. But again, glory to God, that through unceasing prayers, many of their sicknesses and pains were healed or greatly reduced. For some other trainees, the pains and hurts were not in the body but in the spirit; and also, by the power of God slowly and surely, they too receive His deliverance and healing grace from their many long-held and hidden wounds.

In our initial plans, the trainees were to be sent to different villages in the rural areas for their practical as part of the training, but the travel restrictions of MCO put our plans to a stop. But God has His own ways – He opened the door for some churches in other, nearer villages to receive the trainees to live and serve in the communities.

Timeline of the Training

- April** ● Commencement of the fourth session of Micah Centre training
The opening ceremony was held online on April 24
- May** ● Starting in-person training classes
The trainees formally began their training in-person: practicing simplicity lifestyle and self-discipline, strengthening spiritual exercises, improving Malay language skills, training in the Word and ministry knowledge and skills, and learning to live in a communal life.
- June | July** ● Nationwide Movement Control Order
No cross-district travels for visiting lecturers – remotely located and lack of internet access meant no online classes in Micah Centre. The tutors stepped in to teach the lesson themselves.
- Aug** ● Entering practical services
With the MCO still in effect, the trainees were assigned to the nearby village churches within the district for their practical. The trainees learned to partner with the churches to serve the local believers and villagers.
- Sept** ● Food aid and disaster relief ministry
The trainees had the opportunity to take part in the ministry to distribute food packages to the needy families in the villages. After the area was struck by a massive flood, the trainees also helped in the disaster relief and recovery work, including helping to clean up the local houses and school.
- Oct | Dec** ● Ministering to the Indigenous People
After a period of contact and mingle with the local indigenous people, our trainees mainly involved in youth discipleship ministry, house visitations, assist in setting up of family altar and community services.
- Jan 2022** ● Official Closure of Training
4th batch of training will officially end on 9th Jan. 2022, followed by a graduation ceremony.

Vision

From this batch of students who had experienced the goodness of “Yuan Han Journeying Together”, we pray that someone will commit to serve the indigenous people. Given the opportunity of practical services and ministering at the nearby villages, School of Micah had built stronger relationship with the local villagers and are now accepted as a member of this community. We are looking forward to having more collaboration to develop this community together.

Trainees' Reflection

The lesson that I liked most

In our training school, our mentors always encourage us to spend more time pursuing God, try to squeeze more time to read His word, pray and devotion. I really loved and enjoyed my 4am time slot, I'll wake up, walked into the outdoor, worshiped and waited upon God under the clear starry sky, and it was so wonderful.

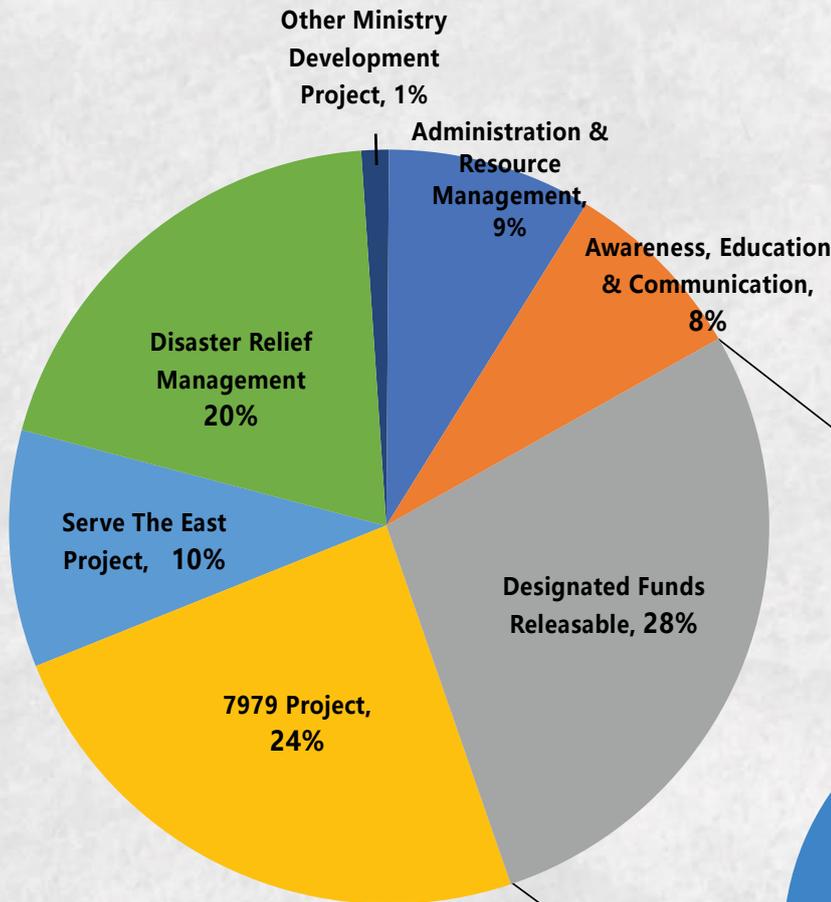

Some of our foundation courses, such as: Spiritual Discipline, Discipleship, Ministering Skills, etc, allowed me to refresh and review what I have learned from another perspective, this had greatly benefited me. The lesson I like most is Creation Care, this is not limited to environmental care and recycling of resources, it also includes our relationship with God, human being, land and other living creatures, another interesting fact is, what is God's will towards man in Creation Care? Wow! All these are new to me.

He is never absent

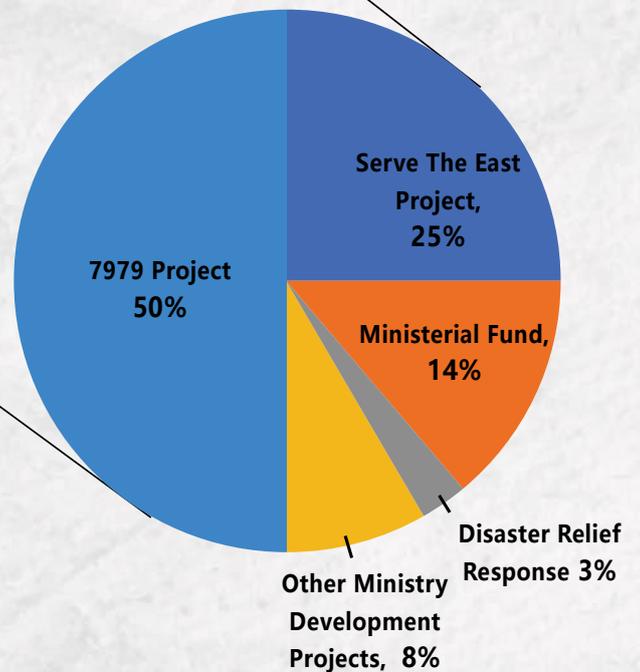

Thank God, I have grown a lot both spiritually and emotionally under the guidance of our mentors. I have the reassurance that I am a precious child of the almighty God, and He has given the Holy Spirit to guide me in everything I do. Over here, I learnt to venture into and do the things that I disliked and refused in the past, such as: Song leading, chairing a worship service, sharing testimonies, preaching, etc. I am thankful to God for helping me, to be overcomer, to pray and seek Him first. Abba Father is a faithful God, He accompanied me on every occasion, He is never absent.
